

## Rosen Hagood Attends Going Places Bike Reveal Event

**December 4, 2023**

This morning, our team had the pleasure of attending the **Going Places Bike Reveal Event** at W.B. Goodwin Elementary School in North Charleston.

This nonprofit organization, started by **Katie Blomquist**, brings new custom bikes, helmets, bike locks, and bike pumps to students attending low-income schools. The organization's goal is to bring new bikes to all 31 Title 1 elementary schools within 8 years.

Our involvement in the local Charleston community is a top priority for our law firm. With all of the incredible organizations in Charleston, there are no shortage of ways to get involved this season.
