Rosen Hagood Stands United Against Systemic Racial Injustice

October 22, 2020

We at Rosen Hagood stand united against systemic racial injustice affecting our society every day. Discrimination and violence, especially against people of color, is embedded in our nation's history. Rosen Hagood, as a firm, supports the effort to rectify these inequalities. We are proud to contribute to the Charleston Forum and the Sophia Institute whose missions are to transform systemic and racial injustice.
